

Donations to WPF

A donation to Women's Plans Foundation is a truly lasting way to make gift of life. When women have the capacity to manage their fertility, it improves their reproductive health and survival; improves gender equity, empowering the women; develops female economic and social resilience; stabilises human population growth; and minimises environmental damage. Your donation will help us provide family planning as an integral part of overseas aid.

I would like to make a donation to Women's Plans Foundation.
